

## **MYRTLE TRACE HOMEOWNERS' ASSOCIATION EMERGENCY ALERT POLICY**

For those residents who wish to avail themselves of the service, the Myrtle Trace Homeowners Association (MTHOA) will maintain a list of emails of residents to be notified in the event of an emergency situation in the Myrtle Trace area.

This list will be used only in the event that a situation, which a member of the Board of Directors (BOD) of the MTHOA has determined, threatens the community and its residents. The alert system will be used for events such as, but not limited to, an evacuation order by a government body, or a nearby forest fire that threatens the community.

This list will not be utilized to communicate events or things such as schedule changes, event cancellations etc. within or outside the community.

The list will be maintained by a resident in Myrtle Trace designated by the Board of the Association and approved by the BOD of the MTHOA.

The MTHOA assumes no responsibility to protect the email and name of those residents availing themselves of this alert system in the event a breach of security by a "hacker".
